Dear Committee,

RE: PROPOSED NOTICE OF MOTION

In accordance with the Rules of the Constitution I hereby give notice that at the next Annual General Meeting I propose to put forward the following Motion regarding change to Rule 10.3 relating to the "Term of the President". The motion will read as follows:

"No President shall serve for more than five consecutive years as President"

As you will see the change is to allow an incumbent President to serve more than three years if said person so desires.

The reason for this Motion is that I consider the term of three years as President to be too short, as an incoming President does require time to establish the position and in particular when dealing with organisations such as the Taupo District Council, Regional Authorities and our local Iwi Tuwharetoa, continuity is important.

Also in accordance with Rule 17 this proposed Notice of Motion has been seconded by the undersigned.

Yours faithfully

JOHN LEYBOURNE
